TENDERS.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Indian Supplies," will be received at this office up to noon of SATURDAY, 9th May, 1891, for the delivery of Indian Supplies, during the fiscal year ending 30th June, 1892, consisting of Flour, Beef, Bacon, Groceries, Ammunition, Twine, Agricultural Implements, Tools, &c., duty paid, at various points in Manitoba and the North West Territories.

Forms of tender containing full particulars relative to the Supplies required, dates of delivery, &c., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian Office, Winnipeg.

Parties may tender for each description of goods (or for any portion of each description of goods) separately or for all the goods called for in the Schedules, and the Department reserves to itself the right to reject the whole or any part of a tender.

Each tender must be accompanied by an accepted Cheque in favor of the Superintendent General of Indian Affairs, on a Canadian Bank, for at least five per cent of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted, the cheque will be returned, and if a contract be entered into for a part only of the supplies tendered for an accepted cheque for five per cent of the amount of the contract may be substituted for that which accompanied the tender; the contract security cheque will be retained by the Department until the end of the fiscal year.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department for the proper performance of the contract based on his tender.

This advertisement is not to be inserted by any newspaper without the authority of the Queen's Printer, and no claim for payment by any newspaper not having had such authority will be admitted.

L. VANKOUGHNET,
Deputy of the Superintendent-General of Indian Affairs.

Department of Indian Affairs,
Ottawa, March, 1891.

Mr. Silitto, a professor of the Agricultural College, Tamworth, Eng., accompanied by two young gentlemen, graduates from the same college, arrived in town by last evening's train. The immigration committee have them in charge to-day, and are doing their utmost to enable them to get a fair view of the district. If favorably impressed—which we are certain they cannot be otherwise—it is the intention of the professor to send out a large number of young men from the college next spring.

TOWN COUNCIL

The Town Council met on Monday evening last.

All the members were present. His Worship, the Mayor in the chair.

After the minutes were read and adopted, a communication was received from G. C. McLeod, Secretary Fire Co. No. 2, asking $15 for said Fire Company. Referred to Fire Water and Light Committee.

An account from McGregor & Stanley for hauling fire waggon to fire at Dr. Jardine's residence, and also one from F. Robertson for hauling water. Referred to Fire Water and Light Committee.

The following accounts were ordered to be paid: PRINCE ALBERT TIMES $43.50 and $6, and Kinistino Lodge $45.

The Finance Committee recommended that the printing offices be requested to furnish a schedule of prices for printing posters and advertising etc.

By Law No. 102 was amended. Parties now getting livery rigs and not paying for them when returning rig, can be prosecuted in a summary manner before any of Her Majesty's J. P's.

THE WAY THEY MANUFACTURE FREEMEN IN THE UNITED STATES.

A great French writer—Mons. De Tocqueville—has said, "that a Republic can only exist by virtue, and that it is the only safeguard of that form of Government." If we are to infer from the nature of the immigration that is pouring in there, the material, when boiled up will not make a very virtuous compound. A few days ago the Union league Club, of New York, a powerful political organization, pronounced in these words upon the subject: "It is known of all men that for many years we have been the asylum of the criminals and paupers of all nations. We have taken in such a flood of ignorance, pauperism and crime, and clothed it with the full panoply of citizenship, that Americanism is being diluted and assailed in ways that are truly alarming."

A question arises to us which has never been answered: Why does this mass of objectionable humanity naturally gravitate towards the United States? Is it because a Republic is more in accord with their ideas of human liberty, which means, when literally translated—"that every man shall do that which seemeth good in his own eyes!" It was shown by a leading paper, in speaking of the Mafia and its ramifications, that it was the legitimate offspring of alienism conjoined with criminal politics; and that the ascendency that had been gained there by members of the murder clubs of the Old World was largely due to the partnerships that the native and necessitous politicians had formed with them. It would appear that such alliances are not confined to Louisiana. The Inter-Ocean, of Chicago, is authority for the statement that a newspaper in that city, owned by a prominent gambler, boasted a few days ago that $7,000 had been raised by a political agency to pay for the nationalization of 14,000 alien residents there, who presumably were either unable or unwilling to pay fifty cents apiece themselves for the privilege of citizenship.

This is a queer but ready way of manufacturing patriots at so much per head. The results, however, must be dangerous to any government or party that adopt such measures to strengthen itself. Verily, our friends over the way have troubles of their own without concerning themselves about the future of Canada. The future of Canada is what our own people can make it—and nothing more.

Montreal May 2.—The Canadian Pacific special, consisting of seven cars with s. s. Empress of India's passengers and mails, reached here at 5.40 this afternoon, having made the run from Vancouver in ninety hours, the last run of 128 miles from Smith's Falls being made in two hours and five minutes. Passengers and mails left Yokohama on the evening of April 17th. This time across the Pacific ocean and continent verifies the prophecy made some years ago by President Van Horne that the journey from Japan to London could be made inside of twenty-two days. The Imperial Government has recognized the shortness of this route by ordering their mails for Japan to be sent via the C. P. R., the first batch consisting of mail bags from Paris, London, Dublin and other cities having gone west last nigh to catch the Empress of India on her outward trip to Japan.

WEDNESDAY, MAY 6, 1891.

We again revert to the injustice being done this district by existing timber regulations. The protection of the wood for future needs is certainly an important question, and the methods adopted for ensuring such a result are equally of interest. The Government, no doubt, are acting, in this matter, on such information as they are able to gather from the reports of their officials. This we claim has ceased to be judicious, and the public are justified in demanding that some competent agent be sent out to examine and report on the condition of certain timber lands north of the river. Attention has time and again been called to the damage done each year to our forests by the accumulations of dry wood and brush, and the wisdom of allowing settlers and business men to assist in clearing up such accumulations without being obliged to pay royalty for the privilege. Forest rangers are, it seems, either unable or unwilling to impress the Government with the wisdom of such action, and the result is that our timber lands are rapidly being made bare. The rain and snow of last week performed valuable work which otherwise must have occupied the attention of the local ranger. Nature has not always been so considerate, other seasons have witnessed the utter uselessness of trying to stop the flames once they took hold of the dead wood and brush which have been piling up for years. Thousands of dollars in valuable material might have been saved, and many in need might have found employment, and our forests to-day practically free from danger by fire were the regulations relaxed or interpreted in a less cold blooded manner than has hitherto been the case.

Judging by the large number of protests already entered, with the prospects of many more to follow, an on-looker would imagine that Canada was a nation of bribers. Such is not the case. It is simply one way of throwing good fat snaps into the hands of the legal fraternity. Last year twenty protests or more were entered against members elect for the Ontario Legislature and when the cases were finally disposed of in the courts and new elections were held it was found that the position of the parties had not been materially changed. A similar result may be looked for when the protests against Dominion members are finally disposed of.

The deposits of the people in the chartered banks of Canada increased $3,000,000 last month. Such a fact rather knocks the bottom out of the Liberal hard times theory.

One of the mottoes displayed at the Young Conservative club ball at Montreal reflects a world of significance: "Our Serial Story"—chapter 1, 1878; chapter 2, 1883; chapter 3, 1887; chapter 4, 1891—to be continued.

The Town Council should not lose sight of the importance of having all public works performed by day's labor. A competent foreman should be engaged and every practical man, desirous of working should be given an opportunity of showing his skill.

A horse buyer from the United States is accustomed to visit Cornwall and vicinity to make purchases of Canadian animals. The Cornwall *Standard* chronicles the fact that that individual left that place the other day with 25 animals, for which he had paid an average price of $100, and "taken all round the prices realized by the sellers were as good as they ever received from American horse buyers"

Mr. Auld, of Charlottetown, one of the largest egg shippers in the Maritime Provinces, intends to make experimental shipments to the British markets this year. His firm have secured "very reasonable rates" by the Furness line to London and the Allan line to Liverpool. the duty and freight to Boston being greater than the freight to England. This dealer speaks very cautiously, still avows a preference for the New England market, but evidently does not accept the dictum of the Grit organs that the British market for eggs is hopeless, and intends to test it fairly and carefully. Prince Edward Island last year shipped direct 1,834,307 eggs.

Professor Robertson, the efficient and conscientious Dominion dairy inspector, who happened to be in Guelph a day or two ago, was requested by the students of the Agricultural College to address them on agricultural prospects, which he did, alluding in the course of his remarks to the industry of the French Canadian farmers. It has become the fashion with some Opposition authorities to abuse the Quebec farmers, asserting that they cannot make agriculture pay, and must, perforce, take the first train for the New England states. Apparently a competent man does not take such a hopeless view. As between the *Globe* and Professor Robertson on agricultural matters we are rather inclined to pin our faith to the Professor, because the farming operations of the Grit organ are confined to sowing the seed of discontent and despair.—*Empire.*

By the Honourable EDGAR DEWDNEY, Superintendent General of Indian Affairs.

IN WITNESS WHEREOF, I have hereunto subscribed these presents at my office in the City of Ottawa, this Twenty-seventh day of January, 1891.

GENERAL NEWS

Ottawa, April 30.—After the final ceremony of opening both Houses was over, it was declared off-day in the precincts of the building. To-morrow the address will be discussed and an amendment to the same, on the trade issue, is talked of.

London, April 30.—In the House of Commons today Sir James Ferguson stated that henceforth, no treaty of commerce would be renewed, that precluded preferential arrangements between England and the colonies regarding their respective products.

London, May 1.—It is reported that an Atlantic liner is ashore at Vinrale and has given signals of distress and foghorns. There are no details.

Toronto, April 30.—An Ottawa dispatch says it is asserted that yesterday morning an intention existed to divide the House on the Speakership. It was known that the British Columbia and part of the Northwest delegations had been delayed by a land slide on the Canadian Pacific in the west. It was thought they could not reach Ottawa yesterday and the chance to a snap vote was eagerly seized upon, but the scheme ended in disappointment. The Canadian Pacific rushed a special through on fast time and the members came in during the forenoon, compelling the Liberals to abandon their plan.

The announcement will be made in a few days that Senator Abbett has been appointed President of the Privy Council in succession to Colby. The appointment will give Quebec an English representative in the Cabinet without necessitating an appeal in any constituency.

Montreal, April 30.—The first general meeting of the Mining Association of the Province of Quebec was held here yesterday, when it was resolved to petition the Governor-General to disallow the provincial mining act on the ground that it interfered with the commerce of the country.

London, April 30.—Bank of England discount is unchanged—3½ per cent.

London, April 30.—The statement is made that the late Thomas C. Baring, who died April 2nd in Rome, left most of his fortune to his cousin, Baron Revelstokem, in order to enable him to maintain the dignity of the peerage conferred upon him. Lord Revelstokem was obliged by Baring's failure to greatly reduce his expenses.

London, April 30.—The Portuguese have occupied Massi Kessa, in Manical, and the British settlers have evacuated their posts. This is understood to be in accordance with the modus vivendi between Portugal and England.

New York, April 30.—The representatives of the railroads interested in the recent cut by the West Shore and the Soo lines to St. Paul met in secret conclave to-day. The meeting was reported as being very harmonious and a settlement of the matter is looked for. The West Shore and Canadian Pacific representatives claimed a differential similar to that of the Ontario & Western but their right to the privilege was disputed. The outcome of the discussion was that the two roads agreed to give ten days' notice of a withdrawal of the rates on the $1.07 basis from New York to St. Paul and on the $1.04 basis from Boston to St. Paul. The question as to their right to a differential rate was referred to a special committee of representatives of the trunk lines, the lake lines, the Canadian lines and the western lines.

Halifax, April 30.—A dispatch from St. John's, Newfoundland, says much anxiety is felt over the report that the bait schooners which ran the blockade at Fortune Bay and proceeded to St. Pierre with their cargoes, are returning with men incited to rebellion by the French fish merchants, who have supplied them with arms and liquor. The Government dispatched another steamer last night with a force of men under command of Col. Fawcet. The warship Pelican will be ordered to proceed to Fortune Bay instead of St. George's Bay. Very serious trouble is expected to follow this intrigue and aggression on the part of the French.

Port Arthur, April 30.—Navigation is open. A thunderstorm, accompanied by a westerly gale, last night played havoc generally with the ice, and this morning a boat could reach Port Arthur without striking any. The opening is five days ahead of expectations, and has been caused by unusually warm weather this week. The earliest arrival of a steamer ever noted here was March 18th, the latest May 23rd, average about May 10th, so this may be regarded as unusually early. Some coal barges are expected, but there is no news of the departure of C. P. R. or Beatty steamers.

Vienna, May 1.—A cabinet crisis is immiuent. The German Liberals and the Conservatives have split on the school question and neither has a majority. No reply to the speech from the throne can be voted.

The Russian, Glikoff, the alleged murderer of Minister Belisoff, of Bulgaria, has been arrested at Orsova, in Servia, and sent te Bulgaria. He has confessed his guilt. Rizoff, a Bulgarian refugee has been arrested at Krajova.

Brandon, April 30.—It looks as if the black cap will be called into requisition at the next assizes if the squaw that was shot in the last Indian fight at Deloraine succumbs to her wounds as it is expected she will. Bear Bull, who will pay the penalty of his crime is now behind the bars at the jail here having been brought from Deloraine yesterday by Constable Nelson, of that place. Casto, another bad Indian who took a hand in the shooting affray, is also keeping Bear Bull company. The Indian Bear Bull is a fit subject for the prison as he has a bad reputation and acted as a scout for the hostile Indians in the late Indian scare south of the boundary.

Halifax, N.S., April 30.—The report that Lieut. Stairs was to go to Central Africa in the interest of the Imperial Government is incorrect. Asked by cablegram if this report were true, the explorer replied that his expedition to Africa next month was at the request of the King of Belgium, and not for the English Government.

Calcutta, April 30.—The latest news from Manipur is that the insurgents are still fugitives in the jungle and are being pursued by mounted troops.. Many of the hillsmen have become reassured and are returning.

For the convenience of builders in town, a yard has been opened on the Mission property, at which Mr. T. E. BAKER is sole agent for our manufactures.

LOCAL HAPPENINGS

In Our Midst.

Mr. and Mrs. Pozer, of Duck Lake, spent Sunday in town.

Fresh Supply of Oranges and Lemons at R. T. Goodfellow's.

Saturday evening's train was on time—the first in some weeks.

Have you read the H. B. Co's. advertisement on another page? If not, why not?

The additions to present buildings and new premises being erected are being pushed ahead most vigorously.

F. C. Baker has just received a car load of flour.

W. Y. Davis, the butcher, last week received about twenty head of first-class beef cattle. They came from Carrot River, and are in excellent condition.

Sheriff Hughes and Mr. J. McKay, Crown Counsel, left to-day to attend a Sitting of the Supreme Court to be held at Battleford on the 12th inst.

Green Apples by the barrel, also a fresh lot of Groceries at R. T. Goodfellow's.

R. J. Plantine will open out a baker shop in the building formerly occupied by R. Bell as a bakery. He expects to have everything in going order in a few days.

Goodfellow Bros. have secured the contract for the building to be erected for McCall & Goodfellow as a bakery. It will be a 20x40 one story structuce.

You can buy a Suit of Clothes for $4.75 at F. C. Baker's.

The 7th May has been proclaimed Arbor Day in Manitoba. It is about time the same thing was done for the Territories, as it is now about the right time for tree planting—at least in this locality.

Mr. Macarthur and family moved down to their farm in Colleston last week. Mr. Macarthur built a fine residence on the farm this spring, and intends enjoying the comforts of his rural retreat during the hot summer months.

Sandy Lang, the veteran blacksmith of this town, pulled out on Thursday morning's train. We would not be disappointed to see Sandy turn up again—once more—before the snow flies.

Fresh Groceries, Confectionary and Fancy Biscuits at Baker's.

Harry McColl, baker, has sold out his business here. We understand Mr. McColl intends taking a trip over the mountains. We wish Harry good luck wherever he may pitch his tent.

Mr. Wm. Tait, last week, purchased the building recently occupied by H. McColl as a bakery. The price paid was about $1200. Billy is always around when a bargain is to be had.

Q. Where do you buy your Tea, it is always so good?

A. I always buy from F. C. Baker.

W. R. Fish, census commissioner, accompanied by Mr. J. Wigmore, made a tour over part of his territory last week, and found the enumerators doing their work both rapidly and efficiently. Mr. Fish will visit Battleford and other portions next week.

No. 2 Fire Company had a turn out last Friday morning. An alarm was given, when it was found the prairie was burning fiercely in close proximity to Dr. Jardine's residence on the hill. The company and a detachment of Police from the Barracks got to work at once and succeeded in thrashing the fire out in double quick time.

The tax sale last Saturday for the balance of lots left from the previous sale was not a success. The day was miserably cold, and people either had forgotten the sale or did not care to turn out in the cold. Few buyers showing up, the treasurer postponed the sale till next Saturday morning at ten o'clock, when it is to be hoped the remaining properties will be disposed of.

See the Blouses, Gossomers, Flannelettes, Prints, Ginghams, Sateens etc., at F. C. Baker's.

The following postoffices have been authorized and opened for public business on May 1st:—Cumberland House, tp. 57, range 3, west of 2nd meredian, Saskatchewan, 238 miles east of Prince Albert, Mr. Roderick McFarlane, postmaster. Fort a la Corne, tp. 48, range 20, west of 2nd meredian, Saskatchewan, 63 miles east of Prince Albert. Mr. Angus McKay, postmaster. Mails monthly by the Cumberland House courier

Messrs. Brown and Wymerskirch returned from their duck hunt on Saturday last. They found birds rather scarce and very wild, but succeeded in securing quite a respectable bag.

W. Knox, builder, is enlarging his workshop to twice its present size. He will also add another story which we believe will be used by the brethren of the mystic tie as a masonic hall.

Mr. Letts, M.L.A., left for Regina by Monday morning's train, to atteed a meeting of the Advisory Council. At this meeting the question of a delegation going to Ottawa will be settled.

Sergt.-Major Wyld, of F. Troop has been transferred to Calgary, and leaves Prince Albert by to-morrow's train. The genial Sergt.-Major will be greatly missed by the many friends he has made since his being stationed here.

Mr. Justice McGuire left to-day to hold a Sitting of the Supreme Court at Battleford. This will be an important sitting, as at it will be tried the first case for murder in this district, and as well the first of the kind presided over by his Lordship.

A branch of the Imperial Bank of Canada has recently been opened at Rat Portage. This institution is rapidly extending its business in the Northwest having now six branches west of Lake Superior. An addition of $500,000 is being made to the capital stock to meet the requirements of its largely increasing business.

St. George's Society met at the Queen's last Friday evening, when a code of by-laws was passed, and a considerable amount of other business got through with. There will be another meeting held at the same place next Friday evening at 7:30 o'clock, when it is to be hoped a good attendance of members and those intending to become members will take place.

It is not yet too late to take a hand in the great *Dominion Illustrated* prize competition, and try for one of the hundred prizes which will be distributed among the subscribers to that splendid journal. The first prize is $750 in gold, and the list includes a Heintzman Piano, Bell, Karn and Cornwall Organs, Gold Watches etc., the lowest prize being valued at $5. On receipt of 12 cents in stamps, the publishers, The Sabiston Litho. and Pub. Co., Montreal, will send to any address a sample copy of the journal and full particulars.

I. McCall and R. T. Goodfellow are erecting a building on River Street, next door to Mike's Barber shop, to be used by them as a bakesy. They have purchased a Hubbard portable oven, and are bringing out a first-class baker, who will have charge of the business. Judging by the success which has attended both these gentlemen as business men in the town, there can be no doubt as to their success in this new venture. The oven to be used by this firm is highly recommended by many prominent scientists. The bakery will be in going order in two weeks time.

Mr. and Mrs. H. J. Starforth were among the passengers on last night's train. A number of the members of "The Club" were at the station to meet the happy couple, and cordially congratulated them. Mrs, Starforth is not a stranger in Prince Albert, she having resided here for some time with her aunt, Mrs. A. Stewart, and is highly esteemed by the many who know her. It is unnecessary to speak of the "Philosopher," we all know and like him, and THE TIMES joins in offering sincere congratulations to Mr. and Mrs. Starforth, and wish them a long and happy life.
